The screenshot shows a web browser window with multiple tabs. The active tab is 'IBM Cloud Account' at the URL 'cloud.ibm.com/account/settings'. The browser's address bar shows the URL, and the page title is 'cloud.ibm.com/account/settings'. The page content is divided into a left sidebar and a main content area. The sidebar, under the 'IBM Cloud' header, lists various account management options: Account, Account resources, Resource groups, Cloud Foundry orgs, Licenses and entitlements, Tags, Dashboards, Account settings (highlighted), IBM Cloud Shell settings, Notification distribution list, Classic infrastructure, and Subscriptions. The main content area displays account details for 'Balaa Rupeni S's Account' with ID 'ad44578f605e43739d5e8bef77ab0f8c'. It indicates the account type is 'Trial (Free)' with '395 days remaining in Trial'. A section titled 'Account upgrade' promotes the 'Pay-As-You-Go' option, stating that adding a credit card will unlock full power while maintaining eligibility for free runtime and service allowances. A blue 'Add credit card' button is visible. Below this, a 'Subscription' section offers discounted pricing and increased billing predictability upon commitment. The bottom of the screen shows a Windows taskbar with various application icons, a system tray with weather (27°C Cloudy), language (ENG IN), and date/time (10:13 06-11-2022) information.
