

CREATING IBM NODE-RED SERVICE

Team ID	PNT2022TMID42266
Date	05 NOVEMBER 2022
Project Name	Signs with smart connectivity for better road safety

The screenshot displays the IBM Node-RED web interface in a browser. The address bar shows the URL: `node-red-ewdxo-2022-11-05.eu-gb.mybluemix.net/red/#flow/e530f14ab0536368`. The interface includes a left sidebar with a 'filter nodes' search bar and two categories of nodes: 'common' (inject, debug, complete, catch, status, link in, link call, link out, comment) and 'function' (function, switch, change, range). The main workspace, titled 'Flow 1', contains a flow with two nodes connected by a wire: a blue 'inject' node with the text 'Hello Node-RED!' and a green 'msg.payload' node. The right sidebar shows the 'info' tab with a search bar and a list of flows, including 'Flow 1'. Below the list, the details for 'Flow 1' are shown, including its ID '*e530f14ab0536368'. At the bottom of the right sidebar, a message states: 'You can confirm your changes in the node edit tray with `ctrl-enter` or cancel them with `ctrl-escape`'. The browser's taskbar at the bottom shows various application icons and the system clock indicating 20:41 on 06-11-2022.
